Dear Parents,

Following the announcement by the Prime Minister on Monday evening, I wanted to confirm, that in line with this new guidance we are looking forward to welcoming all the children back on Monday 8<sup>th</sup> March 2021.

If there are any developments before this date regarding additional changes I will let you know as soon as I can.

In the meantime, I can stress that the extra care and attention that we have already been putting in place to reduce the risk, will remain in place as we welcome all the children back. The staggered start time (8.40am-9.00am) and end time (3.00pm-3.20pm) remain in place. Could I politely ask that you do not come to school before 3.00pm as I am trying to avoid as many people as possible congregating at the gates.

We also ask that, only 1 family member brings and collects the children to school. Children which are of secondary school age will not be allowed on site with another family member. This is to keep the number of people on site to a minimum. We also ask that you continue to wear a face mask whenever you approach school and maintain social distancing where you can.

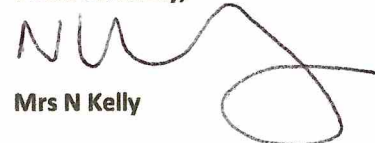

Please ensure the children come to school in their full uniform (except on PE days, where they should attend in their full PE kit) Children will continue to wash their hands/ use hand sanitizer regularly and will return to their class bubbles on 8<sup>th</sup> March.

If your child (or anyone in the household) develops symptoms and test positive, please do not come to school, instead call to let us know and follow the isolation rules.

We are really looking forward to seeing all the children and yourselves on the 8<sup>th</sup> March and having the school community back together.

If you have any concerns or questions about the full school restart please do not hesitate to call school.

Yours sincerely,

  
Mrs N Kelly
