

# Rise Park Primary and Nursery School Written Calculation Policy - 2014 National Curriculum

	Addition	Subtraction	Multiplication	Division
FS	<p>ELG: Add one more to numbers up to 20 Puzzle Objective: Calculate 1 more without concrete support</p>	<p>ELG: Take one away from numbers up to 20 Puzzle Objective: Calculate 1 less without concrete support</p>	<p>ELG: Count repeated groups of the same size in 2, 5 and 10s Puzzle Objective: Count in 2, 5s and 10s</p>	<p>ELG: To understand the concept of sharing and halving Puzzle Objective: Use the vocabulary <i>sharing</i></p>
	<p><b>Practical methods, pictures and jottings</b></p>  <p>Concrete blocks: 5 green, 1 red. Equation: <math>5 + 1 = 6</math>. Balloons: 5 purple, 1 purple.</p>	<p><b>Practical methods, pictures and jottings</b></p>  <p>Concrete blocks: 6 yellow, 1 crossed out. Balloons: 5 purple, 1 crossed out.</p>	<p><b>Practical methods and pictures</b></p>  <p>Coins: 6 x 2p. Crayons: 3 packs of 5.</p>	<p><b>Practical methods</b></p>  <p>Oranges: 1 whole, 2 halves. Chocolate: 1 bar, 5 pieces.</p>
1	<p>Understand addition as combining amounts Add and subtract one-digit and two-digit numbers to 20, (9+9, 18-9) including zero.</p>	<p>Understand subtraction as 'taking away' and 'difference between' (by counting on) Add and subtract one-digit and two-digit numbers to 20, (9+9, 18-9) including zero</p>	<p>Solve practical problems that involve combining groups of 2, 5 or 10, calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p>	<p>Solve practical problems which involve sharing into equal groups. <math>\div 2, \div 5, \div 10</math>, calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.</p>
	<p><b>Practical methods, pictures and jottings</b></p>  <p>Apples: 5, 3. Equation: <math>5 + 3 = 8</math>. Numberline: 0-8, jumps of 3 from 5 to 8. Equation: <math>5 + 3 = 8</math>.</p>	<p><b>Practical methods, pictures and jottings</b></p>  <p>Apples: 7, 2 crossed out. Numberline: 0-8, jumps of 2 from 7 to 5. Equation: <math>7 - 2 = 5</math>.</p>	<p><b>Practical Methods, pictures and jottings</b></p>  <p>Coins: 6 x 2p. Crayons: 3 packs of 5. Arrays: <math>3 \times 5 = 15</math>, <math>5 \times 3 = 15</math>.</p>	<p><b>Practical Methods and jottings</b></p> <p><u>Sharing</u></p>  <p>Sharing: 6 packs of biscuits shared into 2 groups of 3.</p> <p><u>Grouping</u></p>  <p>Grouping: 15 teddy bears grouped into 3 groups of 5.</p>

	Addition	Subtraction	Multiplication	Division
2	<p>Add and subtract numbers with 2 digits. Recording addition and subtraction in columns supports place value and prepares for efficient written methods with larger numbers.</p>	<p>Add and subtract numbers with 2 digits. Recording addition and subtraction in columns supports place value and prepares for efficient written methods with larger numbers.</p>	<p>Solve problems involving multiplication, using materials, arrays, repeated addition, mental methods, and multiplication facts x2, x5, x 10 as times tables.</p>	<p>Solve problems involving division through sharing and grouping including remainders, where divisor is 2, 5 or 10, using materials, arrays, mental methods, and division facts</p>
	<p><b>Numberline and hundred square work</b></p>  <p><b>Partitioning</b></p>  $42 + 33 = 75$ 	<p><b>Numberline and hundred square work</b></p>  <p><b>Partitioning</b></p>  $63 - 12 = 51$ 	<p><b>Practical methods</b></p>  <p><b>Arrays</b></p>  	<p><b>Practical methods</b></p> <p>Grouping:</p>  <p>Sharing:</p>  <p><b>Arrays - Grouping</b></p> 
3	<p>Add and subtract numbers with up to three digits, using the efficient written methods of columnar addition and subtraction</p>	<p>Add and subtract numbers with up to three digits, using the efficient written methods of columnar addition and subtraction</p>	<p>Record, calculate and explain, using mental and progressing to formal written methods, TU x U x2, x3, x4, x5, x8, x10</p>	<p>Record, calculate and explain, using mental and progressing to short written methods, TU ÷ U (Where divisor is 2, 3, 4, 5, 8 or 10).</p>
	<p><b>Efficient jumps on a numberline</b></p>  <p><b>Compact calculation method</b></p> 	<p><b>Efficient jumps on a numberline</b></p>  <p><b>Expanded calculation method</b></p>  	<p><b>Continue using arrays and numberlines.</b></p> <p><b>Grid method</b></p> 	<p><b>Arrays - Grouping</b></p>  <p><b>Short division</b></p> 

	Addition	Subtraction	Multiplication	Division
4	Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate Solve simple problems with up to 2 decimal places.	Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate Solve simple problems with up to 2 decimal places.	Record, calculate and explain using formal written layout TU x U, HTU x U x2, x3, x4, x5, x6, x7, x8, x9, x10, x11, x12	Record, calculate and explain using formal written layout TU ÷ U
	<p><b>Compact columnar method</b></p> 	<p><b>Continue efficient use of numberlines</b></p>  <p><b>Compact columnar method</b></p> 	<p><b>Grid method</b></p>  <p><b>Compact columnar method</b></p> 	<p><b>Short division</b></p> 
5	Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction) Decimals up to 3dp (23.74 + 48.525)	Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction) Decimals up to 3dp	Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers ThHTU x TU	Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context. ThHTU ÷ U
	<p><b>Compact columnar method</b></p> 	<p><b>Continue efficient use of numberlines</b></p> <p><b>Compact columnar method</b></p> 	<p><b>Grid method</b></p>  <p><b>Long columnar method</b></p> 	<p><b>Short division</b></p> 
6	Consolidate and extend work in Year 5	Consolidate and extend work in Year 5	Multiply numbers up to 4 digits by a 2-digit whole number using the formal written method of long multiplication. Multiply one-digit numbers with up to two decimal places by whole numbers	Divide numbers up to 4 digits by a two-digit whole number using the formal written method of long division. Use written division methods in cases where the answer has up to two decimal places
	<p><b>Compact columnar method</b></p> 	<p><b>Continue efficient use of numberlines</b></p> <p><b>Compact columnar method</b></p> 	<p><b>Grid method</b></p>  <p><b>Compact columnar method</b></p>  <p><b>Long columnar method</b> - As above</p>	<p><b>Long division</b></p>
