

Rise Park Curriculum Map – Year 6

Title: Enterprise Week

Areas of Learning (Wider curriculum links)

As mathematicians, we will calculate how much we have left in our Investor's Budget. We will also research how much the cinema, McDonalds and bus will cost and explore the best deal. We will then calculate how much more money we will need to make the trip possible.

As mathematicians, we will calculate how much time we need in each place, including travel, and create a timetable of the day based around this.

As designers, we will use Excel to design a spreadsheet to capture all of our food choices and survey the class to ensure we get everyone's choice.

Emotional Awareness

Children will explore the risks associated with money; how some people struggle to budget and how this might affect their mental health.

Possibilities & Enquiry

Children will research the best value for money for the cinema, McDonalds and bus and present this to the class.

Children will survey the class to find out what food they would like to order and record this in a logical way.

Knowledge of the world

Children will learn how to make a budget and stick to it.

Children will learn how to use Excel to make a spreadsheet to help budget and record choices.

Diversity

Children will consider everyone's dietary requirements when ordering food.
