Dear Parents / Carers,

Throughout the year, children in both Chile and Costa Rica have been making a conscious effort to look after their classroom equipment. They have been rewarded for their efforts each term with £30.00 (minus any loss!) to spend on something fun. This money has been saved by both classes and will be put towards one last treat before the end of the academic year.

On the morning of Monday 25th July, Skate Base will be arriving at Rise Park and they will turn the KS2 Hall into a roller disco! Skate Base will provide each child with skates and protective gear (which **must** be worn), and we will be dancing the session away, courtesy of a live DJ, as well as playing some party games.

The subsidised cost of this visit is £3.00. Please pay this via Scopay or by cash/card at the school office. by Wednesday 20th July, to cover the remaining cost of this activity.

School uniform **must** be worn on the day. However, your child **can** bring comfortable, suitable clothes to change into for their skating session. If your child owns their own pair of skates, then they can bring them to the session, but they must use the protective gear provided by Skate Base. They will **not** need any further spending money for any of the activities.

Many thanks for your continued support throughout this academic year,

The Year 5 team.
