

Summer 1 School Council Newsletter

Token treat:

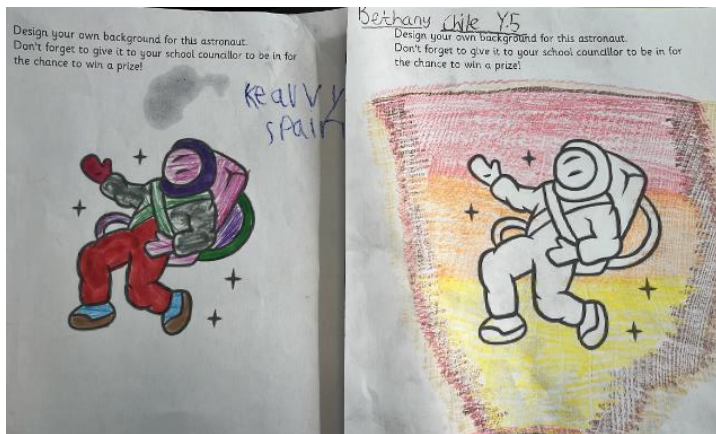

The children have had their treat for achieving the most tokens. Purple team enjoyed a creative art afternoon. They could build cardboard models, paint pictures and create painted handprints.

Space themed lunch:

We have had another fun, themed lunchtime. This time, we transformed our lunch time into a space theme. How many aliens did you spy around the dinner hall? There was an opportunity for the children to design their own astronaut with an alternative background around it. The lucky winners are pictured below.

School Council meeting with our school cook:

We have had a meeting with the cook to plan the themed lunch- space. We discussed together what meals are popular at the moment and which ones the children would like for their themed lunch time. This led to us being able to decide on the meal for our themed Space themed lunch.

Playground designs:

As part of the recent pupil voice, a common theme from the results showed that the children would like to see different markings on the playground. To show this, the children created playground designs during our school council meeting to show what they would like and what could be useful on the playground. For example, they discussed having a hop scotch, numbers to count and some spots with numbers on.

Can you help?

Year 1 and Year 2 would love to play with some different games for Golden Time. For example, jigsaws and Guess Who. If you have any games that you would like to give away, feel free to bring them into school for them to continue to be played with. Thank you!
