Dear Parents / Carers

In Year 1 this year, we are approaching spellings differently to the rest of the school.

Each Monday, your child will have a 'spellings bookmark' with their spellings for that week on. These will all link to the work we do each week in our phonics lessons to ensure that the children are really embedding their knowledge.

Please can you practise these words with your child at home. If they are already confident in spelling these words, please can you support your child to apply their knowledge by practising spelling these words in sentences.

We will test the children on the spellings they have learnt every Monday before giving every child the new bookmark.

If you have any questions, please speak to your child's class teacher.

Thank you for your continued support,

The Year 1 team
