Dear Parents/ Carer

As restrictions start to lift in wider society I have included the following link to the updated risk assessment for you to look at <https://www.riseparkprimaryschool.co.uk/key-information/covid-19/> . However, I thought it would be of use to highlight the following points.

- If your child has symptoms you must arrange for a PCR test. In the event that you receive a Negative LFD test result you cannot return to school. Siblings cannot be sent back to school unless a negative PCR test result is received by the school.
- Secondly please be aware of current quarantine restrictions if you return from countries outside the Common Travel Area. Please see the following links that can be copied and pasted into an internet search engine. <https://www.gov.uk/guidance/red-amber-and-green-list-rules-for-entering-england> or <https://www.gov.uk/uk-border-control/self-isolating-when-you-arrive>

Finally, I would like to say a huge thank you for your patience and support in what has been an extremely difficult year.

Please do not hesitate to contact me if you have any queries or questions at all.

Yours sincerely

Mrs N Kelly  
Headteacher
