# Preparing your autistic child for transition to secondary school or college

*Workshop for Parents/Carers*

## Description

This workshop is for parents/carers of autistic young people who are beginning to prepare for transition to secondary school. This workshop is also for parents/carers of autistic young people who are beginning to prepare for transition to college.

The workshop will last 1 hour and includes a presentation and time for answering questions.

Transition times can be extremely stressful for autistic children and young people. With the right support and interventions you can enable successful transitions to secondary school or college and help prevent exclusions and autistic young people struggle to adapt to a new setting.

## When:

Tuesday 20th July 2021 at 7pm  
on Microsoft Teams

## Who is it for:

Parents/carers of autistic young people  
who are in year 5 or year 11

## Benefits

This workshop is designed to provide effective transition planning for autistic Children and young people .

The workshop will support parents/carers in:

- How to support your child to cope with change
- Understanding of the application process and transition timeline
- How to prepare your child for a positive start at a new school
