Dear Parents/Carers

As part of Great Fire of London topic year 2 will be visiting Arnold Fire Station on Friday 22nd of March to share what we have discovered so far and learn about modern firefighting.

The cost of the trip is £4.65 to cover transport to the station and should be paid on Arbor by Friday 15th March.

The trip will take place within school hours with children returning in time for their normal collection from the class rooms at 3.15pm.

Children will require a packed lunch and we suggest this is brought to school in a backpack as they will be responsible for carrying this themselves for the duration of the trip. Weather permitting, we will visit Arnold Hill Park for a picnic lunch and apply some of the skills from our previous work on the environment to complete a litter survey of the area.

Children will be required to wear full school uniform and should have a coat that will protect them from showers should the weather be against us.

We are very fortunate that the Fire Service have been able to accommodate us as this is a very busy working station and we are very excited about the experience.

Once again we hope you will enjoying sharing the experience with us via our Twitter account.

Yours sincerely

The Year 2 Team
