Dear parents/ guardians,

As part of our new rainforest topic, we have invited The Explorer Workshops who specialise in facts about the rainforest to work with the children. They have been on expeditions throughout the rainforests and can share their first-hand experiences. They will come into school on Wednesday April 17th. They explain all about the rainforest habitat, looking at plants and animal. There will be the opportunity for some children to dress as explorers, we'll be investigating day to day life in the jungle and discussing deforestation.

We feel this will be a great learning opportunity to excite the children and further their learning. The cost of the visit is £7 per child payable on Arbor.

Year 5 team
