Dear Parents/Carers,

As part of our science topic 'Animals including humans' we are going to be learning all about different types of animals such as amphibians, reptiles and mammals.

To support us with this learning, we have invited our friends at Zoolab to come into school and bring some of their animal friends with them! We might even be able to hold them!

To keep the cost of this visit as low as possible, we have used some of our Investors in Pupils money that we have saved. This makes the cost lower at £5.95 per pupil. This can be paid via Arbor.

We are looking forward to some really exciting learning!

The Year One Team
